

Title: MuleSoft Developer

Reports to: Director, Cloud Consulting

CleanSlate is a cloud consulting and software asset management company that uses technology solutions to make our clients great. We are looking to add a MuleSoft Developer to our team. If you are passionate about developing quality solutions and thrive in a fast paced, forward-thinking environment, then this could be the ideal opportunity for you. Because we are a small team, the expectation is that you will bring your development experience as a strength. You will work independently but will have a team of high performers to lean on when necessary.

The ideal candidate will have experience implementing MuleSoft or other integration solutions (IBM, Oracle, Redhat, Tibco, Boomi)

Development Skills:

- Java, .Net, XML, REST
- Github and DevOps experience including Jenkins, Poet, Chef
- Experience in Agile development practices (Kanban or Scrum), along with CI/CD patterns and practices
- Familiar with Cloud computing concepts and platforms like AWS and Azure
- Ability to travel up to 90% for onsite projects

Minimum Qualifications

- 2+ years of MuleSoft development experience
- Bachelor's degree in Computer Science or related field
- A minimum of 3 years professional software development experience
- MuleSoft Certification (or willing to get within 90 days of hire)

What we have to offer:

- Solid benefits including medical, dental and 401k
- Unlimited PTO
- Fun work environment
- Competitive salary
- Paid technical training and certification

If you feel you are a fit for our team and have the technical experience required, please email us your resume!
