

Title: MuleSoft Integration Solutions Architect

CleanSlate is a cloud consulting and software asset management company that uses technology solutions to make our clients great. We are looking to add a MuleSoft Integration Solutions Architect to our team. If you are passionate about developing quality solutions and thrive in a fast paced, forward-thinking environment, then this could be the ideal opportunity for you. Because we are a small team, the expectation is that you will bring your development experience as a strength. You will work independently but will have a team of high performers to lean on when necessary.

If you feel you are a fit for our team and have the technical experience required, please email us your resume!
TalentAcquisition@CleanSlateTG.com

We are looking for strong experience with the following:

- Designing service-oriented architecture (SOA) and enterprise application integration (EAI) solutions utilizing 4.x Anypoint Platform
- Working onsite with strategic, enterprise class customers, delivering solutions architecture consulting, technical guidance, knowledge transfer and establish “trusted advisor status”
- SOAP and RESTful web services and associated standards like OData
- Messaging technologies like JMS (Queues, Topics) and Web Sockets
- Experience with the 3-layered approach to API-led connectivity (Experience, Process, System APIs)
- Experience designing integration solutions utilizing XSD and/or Swagger/RAML for API definitions
- Experience with DataWeave to create reusable transformations using functions, variables, and operators
- Experience with writing MUnit test cases and understanding test coverage
- Experience with development tools like SoapUI, Postman, Eclipse, Anypoint Studio
- Experience in Agile development practices (Kanban or Scrum), along with CI/CD patterns and practices
- Ability to perform basic network troubleshooting and high availability concepts
- Familiar with Cloud computing concepts and platforms like AWS and Azure
- Ability to travel up to 50% for onsite projects (one week on, one week off)

Minimum Qualifications

- 5+ years of MuleSoft development experience
- Experience with Mule 4 is highly desired
- Bachelor’s degree in Computer Science or related field
- A minimum of 8 years professional software development experience
- MuleSoft Certification (or willing to get within 90 days of hire)

What we have to offer:

- Solid benefits including medical, dental and 401k
- Unlimited PTO
- Fun work environment
- Competitive salary
- Paid technical training and certification

CleanSlate is an equal opportunity employer, and we value diversity at our company. We don’t discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
