CleanSlate

Title: Web Designer

About CleanSlate

Founded in 2000, CleanSlate Technology Group is an Indianapolis-based IT consultancy uniquely equipped to build new cloud-native applications and modernize complex legacy applications. CleanSlate specializes in full-service modernization around Application Development, DevOps and Cloud Architecture. Our team is full of passionate and highly skilled cloud technologists that are empowered to solve complex problems every day, collaborating on great technical solutions that impact our customers' success.

Web Designer

We are looking to add a **Web Designer** to our team. If you are constantly curious and an inspired innovator that wants to help push boundaries in design, this role is built for you. The **Web Designer** is a new growth role within our Product Design discipline. The **Web Designer** will help drive our "Inspired Innovation" value and partner with our sales, partner innovation, and product design leaders to help bring to life projects across the UI/UX, web design, and marketing areas.

Are you an inspired innovator with a passion for design?   Do you have what it takes to boost our clients and CleanSlate to the next level?

As part of the CleanSlate Product Design team you will
- Execute all visual design stages from concept to final hand-off to engineering
- Conceptualize original website design ideas that bring simplicity and user friendliness to complex roadblocks
- Create wireframes, storyboards, user flows, process flows and site maps to communicate interaction and design ideas
- Present and defend designs and key deliverables to peers and executive level stakeholders
- Use and promote design guidelines, best practices, and standards
- Create assets for internal marketing initiatives

Required Qualifications

- Bachelor's Degree or equivalent experience
- 2+ years of experience working in UX/UI, web, and graphic design
- Proficient in Creative Suite
- Experience with html and css
- Experience with software development, web development and SDLC
- Ability to solve problems creatively and effectively
- Excellent visual design skills with sensitivity to user-system interaction
- Up-to-date with the latest Web trends, techniques and technologies

Preferred Qualifications

- Proven work experience as a Web Designer
- Demonstrable graphic design skills with a strong portfolio
- Experience in creating wireframes, storyboards, user flows and site maps
- Proficiency in Photoshop, Illustrator or other visual design and wire-framing tools
- Experience in HTML, CSS, and JavaScript for rapid prototyping
- Experience working in an Agile/Scrum development process

Apply for this opportunity by sending your resume to TalentAcquisition@CleanSlatetg.com
U.S. citizens and those authorized to work in the U.S. are encouraged to apply. We are unable to sponsor at this time.

CleanSlate is an equal opportunity employer, and we value diversity at our company. We don't discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
